

Make sense of the new computing curriculum...

A day of curriculum planning

1:1 CPD for every teacher to get all staff up to speed with the new computing curriculum!

- ✓ Covering the complete computing programme of study including ICT and Digital Literacy, we will work with every teacher or TA.
- ✓ Includes an initial survey sent to the school for all staff to record understanding and confidence levels.
- ✓ Includes a list of objectives and complete curriculum overview for every year that you can use straight away.
- ✓ We will demystify and take the fear out of computing and show how to deliver exciting lessons in order to meet statutory requirements.
- ✓ Complete coverage from reception to year six.
- ✓ We will explain all the technological words, so that you will understand difficult concepts such as algorithms and abstraction.
- ✓ You will be shown how to use and create programmes using award winning and free software.
- ✓ No experience of programming required.
- ✓ Minimal (if any) staff cover needed!

Simply provide a room with one or two computers and allow an hour for every teacher.

A fantastic way to get your school up to speed with computing.

A complete day (9am-3.30pm) costs just £480 and remember there are no additional charges!

Need more time? No problem, book a second day and save 10%, add a whole staff training twilight (3.45-4.45pm) onto the day for just £75.

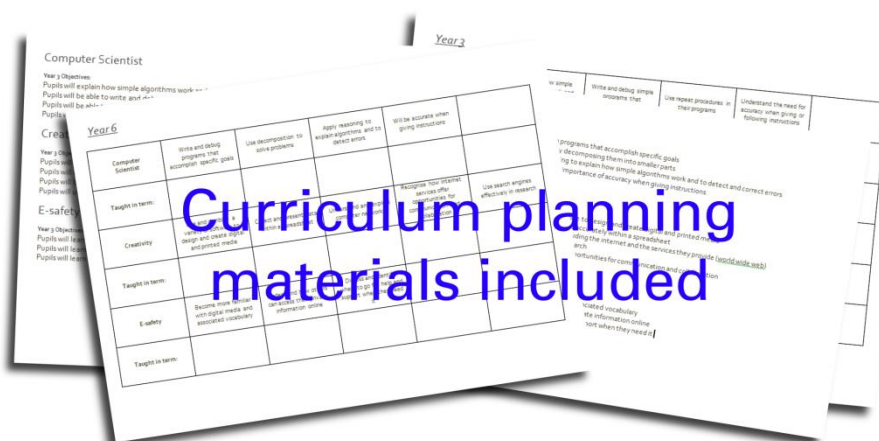

Booking is easy.

Go to www.catshill.com/day-curriculum email info@catshill.com or phone 01527 313 880.

Example plan for the day

| Time | Allocation | Teacher (s) and/or assistants |
|------|------------|--|
| | 1 hour | Year Reception |
| | 1 hour | Year 1 |
| | 1 hour | Year 2 |
| | 1 hour | Year 3 |
| | | Lunch |
| | 1 hour | Year 4 |
| | 1 hour | Year 5 |
| | 1 hour | Year 6 |
| | ½ hour | Summary with Head of Computing or Head Teacher to cover recommendations |
| | ½ hour | Staff briefing (if required) summarising the complete computing programme of study |

A support package tailor-made to suit the needs of our school. Our staff have received valuable guidance and advice in shaping an engaging and forward-thinking curriculum map.
Ben Irving, Assistant Head Teacher, Westacre Middle School, Droitwich
